Annual Giving Campaign

Poway Unified School District
FOUNDATION

**Funding educational opportunities
to over 34,000 students
throughout 38 schools.**

A non-profit foundation
dedicated to raising funds
for programs that advance
the education of students in the
Poway Unified School District

Dear Community Partner,

As Superintendent of the Poway Unified School District, I'm grateful for the critical support shown by our business and parent communities. I thank each of you for your ongoing support and dedication to our schools.

I'm writing on behalf of the Poway Unified School District Foundation, a key partner in our students' education. The Foundation is a 501(c)3 non-profit organization committed to raising funds to support K-12 student programs that prepare students for college and careers; advance science, technology, engineering, arts and math skills; and support rigor, relevance and relationships in every classroom.

We need your help during these difficult economic times. As you are aware, repeated budget cuts have forced our school district to limit the number of classes and eliminate programs. We rely on your support to help continue our standard of excellence in all we do including providing opportunities for the success of our students. Your tax-deductible donation will make this possible.

Thank you for your continued support of our students. Your donation makes a difference!

Sincerely,

John P. Collins, Ed. D.
Superintendent
Poway Unified School District

Advancing Education...

The PUSD Foundation focuses its support in the following areas:

Science

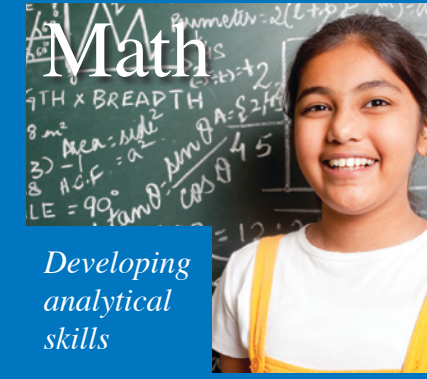

Opening a world of possibilities

Building strong community members

Rigor,

Relevance & Relationships

Math

Developing analytical skills

College & Career Readiness

Creating our future workforce

The Arts

Tapping into creative minds

Technology

Providing the best tools

Developing Students'

- S.T.E.A.M. (Science, Technology, Engineering, Arts and Math) Skills;
- College and Career Readiness;
- Rigor, Relevance and Relationships in Every Classroom.

Engineering

Nurturing career aspirations

Program Examples

Your contribution will support student activities through the Partners in Education Program to include:

- Student internships, job shadowing, industry tours and faculty externships.
- Participation in local, state and national competitions, such as FIRST Robotics, FIRST LegoLeague, DECA and Science Olympiad.
- Math and Science programs such as San Diego Science Festival, Connect a Million Minds curriculum and Family Science Night.
- Project Lead the Way engineering programs at the high school and middle school levels.
- Career days and participation with our industry partners such as Women in Engineering; Health Career Day; field trips to Junior Achievement's BizTown.
- College and Career Fairs.
- Technology in the classrooms.
- Classroom equipment and supplies.
