Request for a Second Set of Textbooks

The Bernardo Heights Middle School Library has a limited number of textbooks due to budget constraints. Therefore, we are unable to provide a 2nd set of books to everyone. By the third week of school, we will determine whether we are able to provide you with a 2nd set. ***Please be aware that a doctor's note does not guarantee a second set. If a title is in short supply, families may choose to purchase that title directly from the publisher. A publisher's list is available from the Library.***
