

Below we have listed all the supplies that will be needed for your child to start school at Black Mountain in August. As an entire staff we decided to ask our BMMS families to bring the same supplies that would incorporate the needs of all our classes. We will be demonstrating how to organize and use this binder to our students starting the first day of school, August 19th. We will explain the binder and how parents can use it on our back to school night, August 27. This is our effort to increase communication between home and school. It is our feeling this will serve to increase student achievement and teach students life-long study skills.

You can purchase these items at the Office Depot on Carmel Mountain Road (just ask for the Black Mountain Middle School Package) or at our own student store during registration, August 11, 12 and 13. Scholarships for these supplies have been provided by our Foundation. Contact your counselor for more information.

David Hall
Principal, Black Mountain Middle School
