**Message to Our Families**

Welcome to the BMMS ASES After School Program! We are happy to have many returning faces to our program and would like to welcome our new students as well. We have spent the summer planning and are excited for a new year at the Y.

Our goal this year is to offer your student a program where they are supported academically, exposed to new opportunities and kept safe. To help meet this goal we have reorganized our academic rooms to provide students a more structured place to study. We have also brought back our tutoring room which will be opened from 2:30pm-6pm for students needing extra support. New clubs will also be introduced into the program and we look forward to incorporating student and parent ideas into our program as well. This program is all of ours and we are excited to work closely with our families to make it the best it can be.

Please remember that in order for your student to remain in our program, we are requiring them to attend **5 days a week** until the specific times (**Academy 5pm, all other students 4:15pm**). Failure to meet these requirements will jeopardize your child's spot in our program. We are working really hard to keep our program here for you and appreciate your help in meeting all our requirements.

Thank you so much for your understanding and continued support!

-Kelsey Payne, YMCA Site Supervisor
