Supply List  
Looking Ahead to Third Grade

As a third grader, your child will need the following basic supplies. It will be so helpful if you have these supplies ready on the first day of school. If it is not possible, let your child's teacher know when school starts, and they can be provided. Once school begins, your child's personal classroom teacher may request a few additional supplies. Many of these items will be collected and used as a class, and we thank you in advance for your generosity. We look forward to meeting our new students and parents next year!
