

2011 Senior Project Equipment Request

On Friday, May 20, 2011, seniors will present their Senior Projects in classrooms around the PHS campus. It is very important that we have an accurate inventory of the audio/technical equipment or specific room accommodations you require on Presentation Day so we can assign you to the room that best suits your presentation needs.

Please take a moment to think of any special requirements you may need to make an effective presentation to the panelists. If you need some sort of special equipment, to be in a specific classroom, or if you need to be in a specific location on campus, complete this form and return it to Mrs. Crandall in the Discipline Office or your Social Science teacher: **NO LATER THAN MONDAY, MAY 9.**
