

Welcome to the Westview Foundation!

The Westview Foundation raises money to enhance student learning through academics, arts and technology. During the 2009-2010 school year, the Foundation was able to raise nearly \$80,000 to help Westview maintain its level of excellence. These funds were used to:

- Fund extended library hours for the entire school year.
- Provide additional library staffing during peak times.
- Purchase 35 LCD projectors so that every classroom on campus has a projector.
- Purchase additional screens and accessories for existing LCD projectors.
- Supplement the classroom supply budget.
- Fund the new Newscast Course which provides visual communication to the entire student body.
- Purchase 24 GradeCams and operating software.

The Foundation's fundraising efforts would not be possible without the generosity of the Westview community. We hope that you will continue to support the Foundation with your charitable donations this coming year. To that end, we ask you to pledge your financial support in phase two of the registration process in August.
