

School Accountability Report Card

Reported Using Data from the 2010-11 School Year

Published During 2011-12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

Tucked away above a canyon and next to a park in the northwestern section of Rancho de Los Peñasquitos, Adobe Bluffs Elementary School (ABES) is a wonderful model of a neighborhood school and the pride and joy of the community. From the first moment after entering the bright red doors of this meticulously maintained campus; one immediately senses the caring, collaborative atmosphere that has become its trademark. Building on a strong tradition of volunteerism and business support, a culture has been firmly established by the school community to work tirelessly, side by side to maximize student academic and social growth. Adobe Bluffs first opened its doors in 1992 and remained one of the smallest elementary schools in Poway Unified School District until 2002. Over the next few years the enrollment increased and by 2006 there were more than 800 students. An important goal of the Adobe Bluffs community was to retain the connectedness of a small school atmosphere. By focusing on traits of character such as caring, respect, trustworthiness, responsibility, fairness and citizenship, our staff, students and parents have implemented strategies to achieve this goal. In 2008, due to the opening of two new schools in our community, our enrollment decreased to 460. In 2009 we are slightly smaller at around 410 students. The student population is ethnically and culturally diverse with 55% White, 22% Asian, 7% Filipino, 8% Hispanic, 2% African American, and 7% Other/Nondeclared. Adobe Bluffs consistently receives recognition for its commitment to students and learning: * In 1998 and 2006 our school received the California Distinguished School Award. In 2002, we were recognized as an Honorably Mentioned Distinguished School. * From 1999 - 2002, Adobe Bluffs' students earned the Governor's Challenge Reading Award of \$5000 for their reading achievement. All monetary awards were used to buy library books. * In 2000 the Student Council was presented a Community Service Award by California State University, San Marcos, for their many outstanding programs supporting the community. * In 2001, Adobe Bluffs was honored by the San Diego Chargers as only one of four elementary schools in San Diego County to be named a Charger Champion School. This honor, which included an \$11,000 grant, was given to acknowledge our efforts in developing the student as a "whole person" in the areas of leadership, service, and citizenship. * In 2002, the school received a Technology Renovation grant from the state for \$16,000 which was used to buy a wireless computer lab to increase the student to computer ratio on our campus. * In 2002 two teachers were recognized by the San Diego Business Round Table for Best Practices Using Technology in the classroom. * In 2002 and again in 2004 a local television station's Dream Classroom Program awarded a \$1000 grant to one teacher each year. * In 2004 the San Diego Foundation recognized two teachers each with a \$1500 award for the enhancement of classroom curriculum and instruction. * In 2005 the Adobe Bluffs Mileage Club was recognized as a Healthy Practice at the California Healthy Schools Summit. * In 2005 our students were recognized at the California Student Media and Multimedia Festival for their project "Gender Equity - Famous American Women of Character". * In 2006 one teacher was named a National Board Certified Teacher, joining two other teachers on site with this certification. * In spring 2007, three second grade students received first place in the Toshiba/National Science Teachers Explor-A-Vision contest, which resulted in a \$10,000 savings bond and DVD player for each student, and a laptop for the classroom. * In 2007, the school was a finalist in the Governor's Fitness Challenge, with each participating student receiving a certificate and badge. The school received a banner of participation. The students, their families and their teacher and principal were invited to meet with the CA State Governor, as arranged by the California School Library Association. In 2007, two teachers wrote and received technology grants from the school district. One was for a document-camera/LCD projector set up. The other was for a Promethean white board, an interactive instructional tool with Internet access. In 2008, two teachers wrote and received technology grants from Time Warner Cable. The school was awarded \$3,000 to use on technology, and the teachers were honored at a banquet in Washington, D.C. Two teachers also received a Tech Tools for Schools award and the school will receive 10 refurbished computers. In 2008-09 Two teachers also were awarded a \$1000 Technology grant from Sony. The funds were used to purchase laptop computers to use for video editing. Adobe Bluffs is proud to offer four effective classroom configurations. There is 1 multi-age class, 1 combination grade class, 11 single grade classes that span across the grades, and 1 looping class. Parents, teachers, and students value the enhanced opportunities for learning and building relationships in each design. Adobe Bluffs has been a leader for the district in multi-age implementation at other school sites since 1996. Currently, three teachers represent Adobe Bluffs District-wide as Teacher Learning Cooperative facilitators, charged with assisting new teachers, and returning teachers, in sharing information and best practices in the multi-age design or writing strategies. Our distinguished staff includes three National Board Certified teachers and one California State Teacher of the Year. Many Adobe Bluffs teachers serve on various Poway School District committees and learning councils. The principal also serves on a learning council and facilitates Leadership Academy sessions in the District. Adobe Bluffs' staff is widely sought for its expertise. Curriculum and instructional strategies employed by our staff ensure academic growth for all students. Adopted in 2004, the Houghton Mifflin Reading Literacy Program is comprehensive, research based and aligned with academic standards. The program addresses all aspects of literacy throughout the inclusion of lessons for writing, vocabulary development, phonics, decoding, reading strategies and more. The research based Everyday Math program has been used since 1997 and continues to prepare students for higher levels of math. To support students meeting the Poway Unified technology standards, our site technology plan is updated yearly. The District further provided support to the site in 2005 by providing ninety-nine new computers and funding a computer resource assistant. Along with literacy, math and technology programs, science and social studies curriculum are integrated throughout the day. Visual and performing arts lessons, as well as music and 5th grade band completes each child's educational experience. The Adobe Bluffs school community is committed to our mission statement, vision and goals. Our mission statement: Adobe Bluffs Elementary School is a professional learning community with a clear shared purpose and a collective responsibility to provide a supportive, collaborative environment which ensures academic and social growth for all students, is the focus for everything we do as a standards based learning organization.

Opportunities for Parental Involvement (School Year 2010-11)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Adobe Bluffs recognizes the importance of the partnership between home and school and remains committed to supporting the Parents As Partners Core Value. Parents have been included in the improvement process and serve in an advisory capacity on committees. Parent volunteers work in a variety of capacities such as: Volunteer Workroom, SOAR, Writer's Workshop, Art History, Music Appreciation, Arts Attack, Book Fairs, Mileage Club, Olympics, Classroom Support, PTA and the Adobe Bluffs Educational Foundation. Our hard working volunteers have logged more than 10,000 volunteer hours providing amazing support and leadership to our school. Through their efforts and with their financial support, Adobe Bluffs now boasts updated playground equipment, a running track, a Physical Education instructional assistant, an Impact Teacher, a standards based art program, additional classroom computers, Compass Learning online curriculum, and direct funding to teachers for supplies. Parent volunteerism at Adobe Bluffs is impressive.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school’s comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Adobe Bluffs places strong emphasis on safety for students and staff. Emergency plans are reviewed frequently. Annual training procedures and drills for earthquakes, fire, intruders and bus evacuation are held according to District requirements. Maintenance staff works with a scheduled preventive program to offset costly repairs. The school has an up-to-date Asbestos Plan. Staff models and reviews safe behaviors and practices with the students regularly.

Suspensions and Expulsions

Rate	School			District		
	2008-09	2009-10	2010-11	2008-09	2009-10	2010-11
Suspensions	0.89	1.5	1.49	2.97	3.06	3.08
Expulsions		0	0	0	0.09	0.26

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: 6/20/2011

The school district ensures that students attend clean and safe facilities. The district’s maintenance staff follows a comprehensive scheduled preventive and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. A \$198 million school bond was passed by the community in 2002, which is funding the renovation of 23 older schools and replacing the oldest school in the district. Planned renovations at each school will address inequity of learning facilities, expand core facilities, add classrooms and improve access to technology. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

School Facility Good Repair Status (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair

Indicator	2009-10	2010-11	2011-12
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

"Vacant Teacher Positions" refer to positions not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010-11)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects Taught by	
	NCLB Compliant Teachers	Non-NCLB Compliant Teachers
This School	94.12	5.88
All Schools in District	99.29	0.71
High-Poverty Schools in District	100	0
Low-Poverty Schools in District	99.35	0.65

* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010-11)

Resource Specialist (non-teaching)	2	---
Other		---

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011-12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: 10/1/2011

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009-10)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental/ Restricted)	Expenditures Per Pupil (Basic/ Unrestricted)	Average Teacher Salary
School Site	--	--	--	\$66,488
District	---	---	\$7,379	\$63,343
Percent Difference: School Site and District	---	---	--	5%
State	---	---	\$5,455	\$69,207
Percent Difference: School Site and State	---	---	--	-3.9%

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2010-11)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The district's general fund includes monies for:

1. General operations—services, materials, and support to the general education
2. Special education—programs offering appropriate, individualized education to students with special needs
3. Gifted and Talented Education—specialized learning assistance for students with high ability, achievement, or potential
4. Special projects—monies from agencies (e.g., federal, state) earmarked for specific services
5. Transportation
6. Maintenance and operations
7. District administration

Each school in the district receives an instructional budget based on enrollment, programs, and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

Teacher and Administrative Salaries (Fiscal Year 2009-10)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$37,960	\$42,017
Mid-Range Teacher Salary	\$73,570	\$67,294
Highest Teacher Salary	\$84,960	\$86,776
Average Principal Salary (Elementary)	\$115,784	\$108,534
Average Principal Salary (Middle)	\$122,284	\$112,893
Average Principal Salary (High)	\$129,238	\$123,331
Superintendent Salary	\$253,280	\$226,417
Percent of Budget for Teacher Salaries	43%	38%
Percent of Budget for Administrative Salaries	5%	5%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	15.4	28.2	48.7

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	10	10	10
Similar Schools	7	8	9

Academic Performance Index Growth by Student Group - Three-Year Comparison

Group	Actual API Change

Students with Disabilities			

* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	Yes	No
Met Percent Proficient: Mathematics	Yes	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	Yes

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

Research supports the positive effects professional development has on increasing student learning. All teaching staff is afforded the opportunity to participate in district and site sponsored professional development. These workshops are presented in a semester or year-long series and support a wide variety of professional development. These include the use of effective instructional strategies, implementing the use of computer technology in teaching and learning, critical reading, writing and mathematics strategies, effective use of assessments, positive discipline in-services, and multicultural training. Teachers and administrators are actively involved in professional development activities at the school, district, state, and national level. The Poway Professional Assistance Program (PPAP) provides support for new teachers. Teachers are encouraged to participate in the National Board Certification process and recognized by the Poway Unified School District when they earn NBCT status.
