AVID Compass Learning Summer Program

Dear AVID Students,

It is our sincere hope that you will spend some of your time this summer working on and advancing your skills in **MATH**. This program is designed to take what you already know and move you forward in a fun and engaging way. It will also help to ensure that you don't "lose" the concepts and skills you have gained during the school year.

In Compass Learning, there are six categories under MATH that you can explore. Below is a list of those categories with abbreviations that you can use on your recording chart.

Date Analysis, Statistics, & Probability	(DSB)	Number Sense & Operations	(NSO)
Geometry & Spatial Sense	(GSS)	Patterns, Functions, & Algebra	(PFA)
Measurement	(M)	Problem Solving	(PS)

Directions:

- ✓ Go to cl.powayusd.com
- ✓ Log in using your Novell login from school (your ID# and password)
- ✓ Click on "MATH"
- ✓ Choose a category to work in (one of the six above)
- ✓ Pick an activity; please do these in order and don't skip around
- ✓ Be sure to fill in this chart AND get a parent signature each time!

When you run out of room on this chart, just continue on a sheet of paper.

DATE	CATEGORY	ACTIVITY NAME	HOURS COMPLETED (6 hrs. min)	PARENT SIGNATURE
Example	*DSB*	*"Probably a Complement"*	*.5= (30 min.)*
